Elmhurst Public Library Awarded a Three-Star Ranking

ELMHURST, IL — Elmhurst Public Library has joined the ranks of America's Star Libraries, receiving three out of five stars and a national ranking in *Library Journal's* annual review of public libraries. This year, 7,407 public libraries were rated and only 258 qualified as star libraries.

Library Journal reviews public library data reported to the government—visits, circulation, program attendance, and public Internet terminal use per capita—and ranks the best performing libraries within budget categories. Elmhurst Public Library placed 21st nationwide and 2nd in Illinois in the \$5-9.9M category, with notably high visits and circulation per capita.

In an article published with the rankings, *Library Journal* explored why the top libraries scored so well, and found a number of qualities that top libraries like Elmhurst Public Library share. The best libraries have welcoming facilities with well-targeted programs, and collections with range and depth. Technology is an important factor affecting scores, although the underlying data report only use of public Internet computers and don't include WiFi or laptop usage.

Elmhurst Public Library also continues to score high on Hennen's American Public Library Rating (HALPR), which rates over 9,000 public libraries in the United States.
