2016: Your Thoughts

Yep a 5 star ... as good as it gets. Why? - Simple! The people. The staff are so knowledgeable. I like that you can book a room. Now you can eat and drink at the Library ... seriously? My how things have changed since I was a kid. Love this Library.

-Yelp Review 1/26/16

A great library for reading and studying. Beautiful building, clean, and quiet.

-Google Review, 2016

I was born in Chicago, then brought back to my home in Elmhurst, and have lived here from then since now when I am 13. Out of every single place that Elmhurst has to offer, the library is one of the finest of them all. They have a wide array of services to provide for anyone, whether you be 2 years old looking for entertainment, 13 trying to find a place for Dungeons and Dragons, or 30+ looking for a good read or a movie to watch with the family, the EPL never ceases to provide. As far as the staff is concerned, everyone working here is kind and helpful, and I have grown to get to know some of them. Overall, I couldn't recommend the Library any more than I do.

-Google Review, 2016

As an infant, went to puppet shows. As a child, read lots of books and played in the library. As a current teenager, I spend multiple days a week studying/hanging with friends. If I were to stay in Elmhurst until I was elderly, I would still enjoy every aspect of this library wholeheartedly. Best library in any suburban town.

-Google Review, 2016

This is one big library. A very good collection of books, movies, games. Facility to use mobile app to listen to audio books is a huge plus. Staff is very friendly and helpful.

Google Review, 2016

A real gem. Lots of resources. Easy technology enabled returns and the people who work here are a real pleasure to work and interact with. The ONLY drawback here is parking but this place just creates a "fun" environment where my son does not want to leave. Keep it up!
