

2024-2025 Stitch-Along: Astrology

A stitch-along is a mystery cross-stitch pattern where new parts of the design are released each week. Every Sunday, we send you the next piece until you have a completed pattern. This is an asynchronous program where everyone stitches at their own pace.

This year's theme is astrology and each week's design will contain information about the twelve signs. Because the astrological calendar is dictated by the equinoxes (first day of each season), it is important to look at the year you were born when determining your own sun sign, as well as other placements. To create a free chart online, visit <http://alabe.com/freechart> and input your birth date, place of birth, and time of birth. If you do not know your time of birth, enter 12:00 p.m.

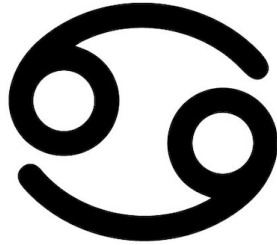

A Note on Long Stitches

In this year's pattern, we are using a long stitch, also called a long backstitch, in addition to the traditional cross stitch. The long stitch is the easiest stitch in embroidery and cross-stitching. We will be using this for the text below each design. All of the long stitches will be made using DMC 3820, the same color used for the outlines in week 1.

Each line of the letter will be a separate backstitch, stretching from each end of the line you want to create, rather than individual stitches like you would do in backstitching. Some may be only one stitch long, while others may be five or six.

You can watch a video on backstitch and long stitch here:

Week 5: Cancer

The moon rules over one's inner life and helps determine how we process thoughts and emotions. It is also the ruling planet for Cancer, doubling down on the strong emotions that come with any water sign. As a result, those born under a Cancer sun are sensitive, intuitive, and empathic. They are excellent at any kind of nurturing role and make excellent parents.

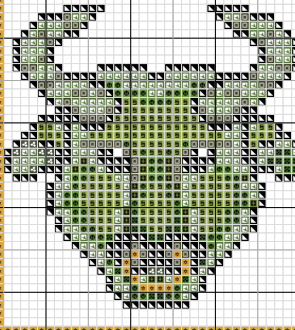

While these crabs may act tough with their hard outer shells, inside they're big softies and form close bonds with those around them. Cancers have a bad reputation for being hoarders, but it's only because everything they save has a story attached to it or is of sentimental value. They want to keep their friends, family, and memories close and create a welcoming space for everyone.
