APPROVAL OF PURCHASE AND INSTALLATION OF PANIC BUTTONS AT SERVICE DESKS

Panic buttons allow staff to notify 911 in case of an emergency with the push of a button. We would like to install panic buttons at each public service location, including the drive-up window and the More than Mocha Café.

THEREFORE BE IT RESOLVED than Administrative Staff is authorized to approve the purchase and installation of panic buttons at all service desks for a cost not to exceed $5,900.
