Introduction

Investors are taking trading and monitoring stocks into their own hands with more accessible information online than ever before.

The Elmhurst Public Library as a list of great investing databases included in card membership.

Using the databases, investing information is available often before it is in print.

Here at EPL

Investing resources including stock, corporate bond, and mutual fund information has been available in print for a long time many of those services have online databases which you may or may not be familiar with.

These resources can often be expensive to individual purchases but are available to Elmhurst Cardholders.
