'Of Thee I Sing' Exhibit Explores Politics in Broadway Musicals

Elmhurst, IL – *Of Thee I Sing*, a traveling exhibit that explores the intersection of entertainment, politics, and patriotism in Broadway musicals, from George and Ira Gershwin's *Of Thee I Sing* to Lin-Manuel Miranda's megahit, *Hamilton*, is on display on the 2nd Floor of Elmhurst Public Library. This timely display, which coincides with the 2022 voting season, frames the history of politics through the lens of musical theater.

The exhibit is on loan from The Great American Songbook Foundation through the month of November.

The Library further examines music with its fall quarter Common Connection programming theme, *A Symphony of Stories*. See a full listing of events hosted by the Library at elmlib.org/common.
