# IPHONE FOR BEGINNERS

To close an app, tap the home button twice and slide the image of the app upwards until it disappears
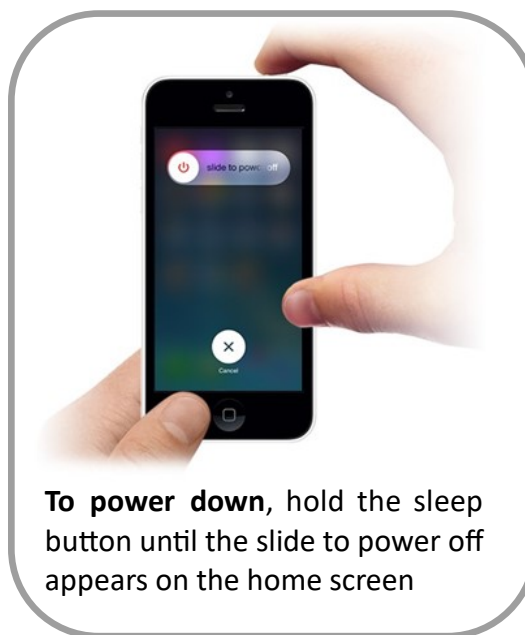

App Store

All **new apps** must be downloaded from the app store and require a login with your Apple ID, password and potentially your credit card.

To set up **wireless internet** connections (Wi-Fi), open up the settings menu and click on the network you wish to connect to

To power down, hold the sleep button until the slide to power off appears on the home screen
