# Intermediate iPhone

3D Touch

Activate Touch ID for easy and protected way to unlock your iPhone. Plus you can have multiple fingerprints saved!

Settings >> Touch ID & Passcode >> Add Fingerprint
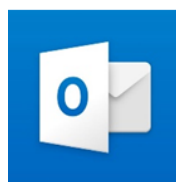

Emoji Keyboard

Jazz up your messages using Emojis—visual representations of an emotion, object, or symbol.

Email On Your iPhone

Link an email account to the iPhone Mail app or download a specific email app: Gmail app, Yahoo app, Outlook app, etc.

Tips and Tricks

- ✓ Shake it off! Undo typed or pasted text easily by giving your device a shake.

- ✓ Instantly scroll up to the top of a page by tapping the right side of the menu bar.

- ✓ Tap a voicemail to get a transcript.
